Tips for Baking and Packaging TTT Cookies – Harbor Hills

BAKING TIPS: **The one requirement is that they are home baked!**

- Cookies ship best if they are **frozen cookies** prior to being dropped off/shipped
  This also makes it easier as you can bake whenever it is convenient
- Thick cookies ship better than thin cookies.
- Use butter flavored Crisco rather than butter or ½ of each
- Use M&Ms in place of chocolate chips as chips melt
- Please avoid frostings as they do not ship well

If you prefer not to make cookies from scratch you can buy premade cookie dough, slice and bake or packaged cookie mix and bake.

Another easy option – Basic Cake mix cookie recipe -2 doz.:

1 box cake mix (moist if available)
2 eggs
½ c. veg. oil
Combine ingredients
Drop onto cookie sheet - Bake 350’ for 9-10 min.
Variations include (you can be very creative with this recipe):
Basic recipe using chocolate cake mix and add nuts or crushed peppermint
M&M cookies - Basic recipe using yellow cake mix, 1/4c brown sugar plus M&Ms

PACKING INSTRUCTIONS:

1. Place 6 cookies in a freezer bag or double bag them (Ziplock makes pint size freezer bags)
2. Write the name of the cookie on the bag.
   IMPORTANT: State “ INCLUDES NUTS” if cookies contain nuts or peanut butter
